Dear Student: We've entrusted My College Options®, a service operated by the National Research Center for College & University Admissions™, to manage the research findings due to their many years of dedication to higher education. The most important benefit of participating in this voluntary survey and research project is the information you and your family will receive from colleges and universities. In some cases, you and your family may also receive information about educational products & services such as student loans and financial aid, college admissions and tutorial services, extra-curricular enrichment and recognition programs, career, employment and military opportunities, and camps, provided by non-profit organizations, companies offering educational products & services, and government agencies. My College Options does not share your information with commercial marketers offering to sell you non-education-related products and services.
